GOLF, RECEPTION AND DINNER

Edgmont Country Club

SEPTEMBER 24, 2007

USBGA Mission

United States Blind Golf Association
is organized and operated for the
purposes of benefiting blind and
vision-impaired persons and promoting
the public good through programs
that advance, and increase
public awareness of, golf among
the blind and vision-impaired
throughout the United States.

USBGA History

Toward the close of World War II, Clint Russell from Minnesota contacted the Veterans Administration and suggested that golf be started as therapy for those who had lost their sight. In 1946, the first group of blind golfers held a national championship in Inglewood, California. Clint Russell won the first championship, and the legendary Charley Boswell came in second.

In 1953 Bob Allman, a blind golfer and lawyer from Philadelphia, formed the United States Blind Golf Association. Bob became the first president of the USBGA.

Books have been written about blind golfers Charley Boswell, Joe Lazaro, 7-time National Blind Champion, Pat Browne, Jr., 23-time National Blind Champion, and most recently, Bob Andrews, whose story is included in the bestselling book, *Who's Your Caddy*, by Rick Riley.

The USBGA holds a national championship and several regional tournaments each year. It conducts clinics for blind and vision-impaired individuals, and helps in raising money for blind and vision-impaired charities all over the United States. The USBGA is a non-profit 501(c)3 organization. For more information, visit www.blindgolf.com
