

Retina Update:
Controversies in Retina 2018: Debates and Discussion
Featuring Darius M. Moshfeghi, MD - 2018 J. Arch McNamara Lecturer
Saturday, December 1, 2018

Wills Eye Hospital, 840 Walnut Street, Philadelphia, PA (Auditorium – 8th Floor)

Omesh P. Gupta, MD MBA and Jason Hsu, MD
Program Chairs

Course Description:

With the emergence of new technologies, treatments, and clinical trial results, controversies on how to best manage patients are becoming increasingly evident. The program will focus on several of these “hot” topics in a Pro vs Con debate format followed by active panel discussions.

At the conclusion of this conference, participants should be able to:

- Evaluate treatment options and better understand benefits and risks of each option.
- Incorporate into practice recent study results in the management of a variety of retinal diseases
- Assess potential future treatments and devices for managing retinal disease

Featured Lecturer

Darius M. Moshfeghi, MD
Professor of Ophthalmology
Director of the Retina Division
Director of the Vitreoretinal Surgery Fellowship
Stanford University
J. Arch McNamara Memorial Lecturer

Guest Faculty

Murtaza K. Adam, MD
Colorado Retina Associates

Katherine E. Talcott, MD
Cole Eye Institute, Cleveland Clinic

Adam T. Gerstenblith, MD
Mid Atlantic Retina Specialists

Andre J. Witkin, MD
Tufts University/New England Eye Center

Rajiv E. Shah, MD
Wake Forest School of Medicine

Wills Eye Hospital Faculty

Allen Chiang, MD
Mitchell S. Fineman, MD
Sunir J. Garg, MD
Julia A. Haller, MD

Allen C. Ho, MD
Richard S. Kaiser, MD
Michael A. Klufas, MD
Sonia Mehta, MD

Carl D. Regillo, MD
Arunan Sivalingam, MD
Maxwell S. Stem, MD
James F. Vander, MD

Accreditation Statement:

The Wills Eye Hospital is accredited by the ACCME to provide continuing medical education for physicians.

The Wills Eye Hospital designates this live educational activity for a maximum of 3.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Full disclosure policy:

All faculty participating in continuing medical education programs sponsored by Wills Eye Hospital are expected to disclose to the program audience any real or apparent conflict(s) of interest related to the content of their presentation(s). Full disclosure will be made at the program.

If you have any questions, please contact the Wills Eye Hospital Department of CME at 215.440.3169

Program Chairs

Omesh P. Gupta, MD, MBA and Jason Hsu, MD

7:30am – 8:00am	Registration and Breakfast
8:00am – 8:02am	Introduction Omesh P. Gupta, MD and Jason Hsu, MD
8:03am – 8:05am	Tribute to Joseph Maguire, MD Arunan Sivalingam, MD
8:06am – 8:13am	ForeseeHome™ Monitoring should be the Standard for AMD Monitoring Allen C. Ho, MD
8:14am – 8:21am	ForeseeHome™ Monitoring should NOT be the Standard for AMD Monitoring Sonia Mehta, MD
8:22am – 8:27am	Panel Discussion Julia A. Haller, MD, Darius M. Moshfeghi, MD and Katherine E. Talcott, MD
8:28am – 8:35am	It's Time to Upgrade to OCT Angiography Jason Hsu, MD
8:36 am – 8:43am	It's NOT Time to Upgrade to OCT Angiography Adam T. Gerstenblith, MD
8:44am – 8:49am	Panel Discussion Michael A. Klufas, MD, Arunan Sivalingam, MD and Andre J. Witkin, MD
8:50am – 8:57am	Anti-VEGF Injections Should be the Standard Treatment for Proliferative Diabetic Retinopathy Allen Chiang, MD
8:58am – 9:05am	Anti-VEGF Injections Should NOT be the Standard Treatment for Proliferative Diabetic Retinopathy Michael A. Klufas, MD
9:06am – 9:11am	Panel Discussion Julia A. Haller, MD, Sunir J Garg, MD and Jason Hsu, MD
9:12am – 9:19am	Mineralocorticoid Antagonists Should be the First-line Treatment for Chronic Central Serous Retinopathy Mitchell S. Fineman, MD
9:20am – 9:27am	Mineralocorticoid Antagonists Should NOT be the First-line Treatment for Chronic Central Serous Retinopathy Andre J. Witkin, MD
9:28am – 9:33am	Panel Discussion Allen Chiang, MD, Rajiv Shah, MD and James F. Vander, MD
9:34am – 9:54am	<i>Refreshment Break</i>

- 9:55am – 10:00am **Introduction of 8th Annual J. Arch McNamara Lecturer–Darius Moshfeghi, MD**
Arunan Sivalingam, MD
- 10:01am – 10:26am **Retinopathy of Prematurity Innovations: *Inciting Civil War or Revolution***
Darius M. Moshfeghi, MD
- 10:27am – 10:34am **Surgical Displacement Gives Better Outcomes for Submacular Hemorrhage in AMD**
Sunir J. Garg, MD
- 10:35am – 10:42am **Surgical Displacement Does NOT Give Better Outcomes for Submacular Hemorrhage in AMD**
Maxwell S. Stem, MD
- 10:43am – 10:48am **Panel Discussion**
Julia A. Haller, MD, Richard S. Kaiser, MD and Carl D. Regillo, MD
- 10:49am – 10:56am **Sustained Anti-VEGF Delivery is Superior to Conventional Injections**
Carl D. Regillo, MD
- 10:57am – 11:04am **Conventional Injections are Superior to Sustained Anti-VEGF Delivery**
Katherine E. Talcott, MD
- 11:05am – 11:10am **Panel Discussion**
Murtaza K. Adam, MD, Allen C. Ho, MD and Sonia Mehta, MD
- 11:11am – 11:18am **Vitrectomy is the Best Option for Symptomatic Vitreous Floaters**
Murtaza K. Adam, MD
- 11:19am – 11:26am **Vitrectomy is NOT the Best Option for Symptomatic Vitreous Floaters**
Omesh P. Gupta, MD
- 11:27am – 11:32am **Panel Discussion**
Mitchell S. Fineman, MD, Rajiv Shah, MD and Maxwell S. Stem, MD
- 11:33am – 11:40am **Scleral-Fixated Intraocular Lenses are a Better Option in the Absence of Capsular Support**
James F. Vander, MD
- 11:41am – 11:48am **Anterior Chamber Intraocular Lenses are a Better Option in the Absence of Capsular Support**
Richard S. Kaiser, MD
- 11:49am – 11:54am **Panel Discussion**
Adam T. Gerstenblith, MD, Omesh P. Gupta, MD MBA and Arunan Sivalingam, MD
- 11:55am – 12:00pm **Conclusion**
Omesh P. Gupta and Jason Hsu
