

presented more than 900 lectureships around the world and is the recipient of many distinguished national and international awards. Dr. Shields' work has included some of the most cutting edge and successful treatments in the ocular oncology field.

About Wills Eye Hospital:

Wills Eye Hospital is a global leader in ophthalmology, established in 1832 as the nation's first hospital specializing in eye care. U.S. News & World Report consistently ranks Wills Eye as one of America's top ophthalmology Hospitals since the survey began, has the most nationally ranked ophthalmologists in the country and is the #1 academic training in the USA for its residency program as voted by physicians in the nation. Wills Eye is a premier training site for all levels of medical education. Its resident and post graduate training programs are among the most competitive in the country. The Vickie and Jack Farber Vision Research Center at Wills harnesses the core strengths of Wills, the close connection between innovative research and advanced patient care, to discover therapeutic breakthroughs. Wills provides the full range of primary and subspecialty eye care for improving and preserving sight, including cataract, cornea, retina, emergency care, glaucoma, neuro-ophthalmology, ocular oncology, oculoplastics, pathology, pediatric ophthalmology and ocular genetics, and refractive surgery. Ocular Services include the Wills Laser Correction Center, Low Vision Service, and Diagnostic Center. Its 24/7 Emergency Service is the only one of its kind in the region. Wills Eye also has a network of seven multi-specialty ambulatory surgery centers throughout the tristate area. To learn more, please visit www.willseye.org.
