Wills Eye
Hospital

“ Ancora imparo - I am still learning. ”

– attributed to Michelangelo, age 87

Dear Colleagues,

Excellence in ophthalmology is not a single achievement. It is a habit built through continuous and career-long learning, admixed with collaboration, innovation, and a shared commitment to providing the highest quality care for our patients.

At Wills Eye Hospital, Michelangelo's words could be our credo. Learning is central to our mission, and our commitment to our community. We are proud to offer an extraordinary range of scientifically rigorous, unbiased, and clinically relevant educational programs led by Wills Eye's renowned faculty.

The Wills Eye Academic Calendar provides the game plan for the coming year. It includes our popular Chiefs Rounds, subspecialty Saturday Updates, Visiting Professor programs, resident case presentations, retinal imaging and surgical conferences, the Wills Ophthalmology Review Course, and other special educational events. Many programs provide continuing medical education credit and are available free of charge through the Wills Eye Knowledge Portal

As we recognize that our colleagues participate from across the country and around the world, programs may be attended in-person, viewed by live-stream, or accessed on demand, allowing you to benefit from Wills Eye education wherever you are and whenever your schedule permits.

Whether you join us on Walnut Street, at a national meeting, or online, we invite you to take full advantage of the exceptional learning opportunities described in this calendar. Together, we can continue to advance ophthalmic knowledge, improve patient care, and pursue excellence in every aspect of our profession.

We look forward to welcoming you throughout the coming academic year as we share the art and the science of ophthalmic medicine.

Warmest regards,

Julia A. Haller, MD

WILLS EYE KNOWLEDGE PORTAL

The Wills Eye Knowledge Portal on CloudCME is a fabulous resource of outstanding continuing medical education for ophthalmologists around the globe. Learners can register to attend many of our programs live in-person at Wills Eye Hospital or live-stream popular educational events including Chiefs Rounds, Visiting Professor Lectures and our clinically relevant subspecialty Saturday updates. Additionally, learners can watch our educational offerings OnDemand at a time of their choosing.

Unable to attend our in-person Ophthalmology Review Course in Philadelphia? You can register for our companion OnDemand Review Course and get one-year access to 55+ hours of lectures and CME credits.

The Knowledge Portal allows participants to record their attendance with their phones and download CME certificates and transcripts.

Additional benefits include:

- > Texting or scanning attendance by mobile phone.
- > High-definition quality OnDemand video streaming.
- > Automated course reminders for faculty and learners.
- > 24/7 access to CME certificates, event registration receipts, course transcripts.
- > View and annotate presenter slides in real time via the CloudCME Mobile App.

52ND ANNUAL WILLS EYE OPHTHALMOLOGY REVIEW COURSE

FEBRUARY 20-24, 2027 – Wills Eye Hospital

This annual live, in-person course is a comprehensive and intensive review of ophthalmology for practicing ophthalmologists and ophthalmology residents and fellows. Topics taught by our world-renowned faculty include anatomy, corneal diseases, eyelid, glaucoma, imaging, immunology, neuro-ophthalmology, oncology, orbit, ocular pathology, ophthalmic tumors, optics and refraction, pediatric ophthalmology, pharmacology and therapeutics, physiology, retina and vitreous, strabismus and amblyopia.

Ralph C. Eagle, Jr., MD
Course Director

Registration includes

- > High-quality lectures preparing attendees for exams
- > 45.5 hours of course content
- > Downloadable 1000+ page syllabus
- > Access to faculty for questions
- > One-year access to the OnDemand Review Course

ANTERIOR SEGMENT UPDATE

Anterior Segment Reconstruction

This conference is designed to provide comprehensive ophthalmologists, cornea and glaucoma specialists, cataract surgeons, and anterior segment surgeons with practical, evidence-based updates on the diagnosis and surgical management of complex anterior segment disease.

Brandon D. Ayres, MD

WILLS EYE CO-CHAIRS

Brandon D. Ayres, MD

Marisa Schoen, MD

November 14, 2026

Participants will explore topics including:

- > Anterior vitrectomy techniques and management of unplanned vitreous loss
- > Collaborative anterior and posterior segment surgery, including combined PPV and IOL exchange
- > Secondary intraocular lens fixation techniques
- > Glaucoma management, MIGS, and combined cataract-glaucoma surgery
- > Iris reconstruction, artificial iris implantation, and UGH syndrome management
- > Advances in endothelial keratoplasty (DSEK/DMEK), keratoprosthesis, and emerging cell therapies

REGISTER NOW

SHAPING THE FUTURE OF OPHTHALMOLOGY

Philanthropy plays a vital role in bolstering innovation and excellence across Wills Eye's mission – advancing patient care, education, and research. This year, we celebrate the establishment of the **Benefactors Circle Endowed Chair in Glaucoma**, a milestone made possible through the collective generosity of grateful patients, dedicated donors, and proceeds from the 2025 Wills Eye Ball.

Alongside this achievement, visionary support from James and Susan Anderson has established the **James J. and Susan J. Anderson Strategic Initiatives Endowment Fund**, empowering Wills Eye to invest in mission-focused priorities, accelerate discovery, and respond to emerging opportunities in ophthalmology. Together, these investments strengthen our ability to lead, teach, and transform the future of eye care.

Contact Suzanne Beers at sbeers@willseye.org or visit willseye.org to learn more about Wills Eye Hospital's key strategic priorities and our role in shaping and strengthening ophthalmology for the next generation.

Celebrating the innovation and achievements of the Glaucoma Service and its champions, the Wills Eye Ball in November 2025 brought together more than 250 supporters at the Bellevue Hotel in Philadelphia. Proceeds from the evening helped to establish the Benefactors Circle Endowed Chair in Glaucoma, with Jonathan S. Myers, MD, named as the inaugural Chair, advancing leadership and discovery in glaucoma care. Dr. Myers is shown here with Kirsten Myers (left), fellow Wills Eye Ball Honoree Thomas W. Burns, CEO of Glaukos Corporation, and Janet Burns.

On the occasion of the Wills Eye Ball and following the exciting transition to Chief Executive Officer and Ophthalmologist-in-Chief by Julia A. Haller, MD, grateful patients James and Susan Anderson made a landmark commitment to establish the James J. and Susan J. Anderson Strategic Initiatives Endowment Fund at Wills Eye Hospital. Their visionary philanthropy provides critical, flexible support to advance institutional priorities, fuel innovation, and expand Wills Eye's impact in the years ahead.

#WILLSEYELIVE

AT WILLS EYE HOSPITAL, world-wide access to education helps us to reach our goal of preserving sight and improving clinical care of patients with eye disease. Throughout the year, Wills Eye provides many opportunities to access live-streamed educational experiences online.

Chiefs Rounds

On Friday mornings, the tables are turned during Chiefs Rounds when residents present mystery cases to attendings of Wills Eye Hospital. Residents follow the thought processes of the attendings from clinical presentation to differential diagnosis and management.

Retina Imaging and Surgical Conferences

The Wills Eye Retina Service Imaging Conference and Surgical Conferences are interactive engaging forums during which Retina fellows present multi-modal imaging of interesting cases and their management to the attendings of Wills Eye Hospital.

Saturday Updates

The Wills Eye Saturday Update Series is the premier venue for physicians from each service area to present the latest procedures, research, and treatment in their subspecialty.

Shields Ocular Oncology Rounds

Carol L. Shields, MD, director of the Wills Eye Ocular Oncology Service, leads a master discussion of fresh cases, their diagnosis, and management.

Cornea Surgical Video Learning Series

Hosted by Wills Eye Hospital and University of Toronto, these 90 minute sessions feature a guest speaker, Q&A, and case presentations.

CHIEFS ROUNDS	<i>Fridays</i>	7:00 am ET
RETINA IMAGING	<i>Wednesdays</i>	6:45 am ET
